BOSTON, OCTOBER 23.

WE are aſſured that the merchants of this town, conſidering that the period to which their late agreement to withhold the importation of Britiſh goods was limited, is near at hand; it being to continue till the firſt of January next, unleſs the *Revenue Act*, impoſing duties on Paper, Glaſs, &c. ſhould be repealed before that time: And alſo further conſidering there is another Act of Parliament in being, for the purpoſe of raiſing a *Revenue* from us without our conſent; and that therefore the grounds of their juſt complaint cannot be removed while the laſt mentioned act remains in force, ſhould the other be repealed; have ſet on foot a ſubſcription, obliging themſelves not to import any goods from Great-Britain, ſuch only excepted, as are excepted in the former agreement, until both the ſaid *Revenue Acts* ſhall be repealed. An agreement which they think themſelves bound to come into, as it ſeems to be the moſt peaceable, as well as effectual method that can be taken to *recover* our loſt liberties. Upon the ſame principles it is not doubted but our brethren and fellow-ſufferers in the other towns and colonies on this continent, will come into the ſame agreement. It is ſaid, that in leſs than five minutes from the opening this ſubſcription, near twenty of the principal importers ſigned the ſame; and, that it is probable it will be general, as the ſubſcription rolls fill up very faſt: Few of the merchants even heſitating, at a time when their country and their poſterity demand a ſacrifice of their preſent intereſt.

As ſome doubts remain in the minds of ſome of our trade, whether the ſouthern governments will come into ſimilar agreements which our merchants lately came into, reſpecting the non-importation of goods from Great-Britain till the Revenue Acts are totally repealed; the public may be aſſured of their readineſs to co-operate in this meaſure in particular, or any other that is for the good of the whole.

We hear ſeveral gentlemen of fortune, principal importers, are determined to improve their ſtock in ſetting up woollen manufactures, which it is found by experience can be carried on to great advantage, from ſome eſſays that have been already made, in purſuing which, they can at leaſt make it equally profitable as importing the manufactures of Britain; and at the ſame time provide for the numberleſs idle youth, whoſe parents now labour only to ſupport their brethren of Great-Britain.

We hear that Thurſday, the 16th day of November next, is appointed to be obſerved as a day of General Thankſgiving throughout this province.

Extract of a Letter from a Gentleman in Scotland, by the laſt Veſſel.

"You deſire to have my Thoughts on American Affairs.---- It ſeems to me you have only to be quiet and ſteady, and if your public Virtue is ſtrong enough to keep you in your Reſolves of Oeconomy, and the Proſecution of Manufactures among yourſelves, you muſt certainly gain your Point, yea, I imagine, you will in a great Degree draw off the Labourers and Artificers from hence, the moſt uſeful Members of the Community. Duties were impoſed to be paid in America upon certain Britiſh Manufactures. Conſequences prove this to have been an ill-judged Meaſure; and the Colonies have greatly defeated it by their Combination not to import theſe Manufactures. Your Commiſſioners complained they were not in Safety to levy theſe Duties, without being ſupported by a military Force: Troops are ſent, but they ſerve only to circulate Money in Boſton, and by their Deſertion to people your Country: There ſeems Infatuation, rather than Judgment in theſe Meaſures. You ſay your Friends in England increaſe: No Wonder, there ſeems nothing wanting but more Knowledge of the Matter, to make every Man a Friend to America, or more properly ſpeaking, to the common Intereſt of the Mother-Country and her Colonies."----

We hear the Merchants and Traders at Salem and Marblehead, have come to an Agreement not to import or purchaſe any European Manufactures, but what are neceſſary for carrying on the Fiſhery.---Some Articles lately imported at the latter Place, not being thought conducive to that End, have been delivered up to a Committee appointed for that Purpoſe, to be ſtored till the late oppreſſive Revenue Acts are repealed.

NOVEMBER 6. We hear, that Samuel Fitch, Eſq; is, by his Honour the Lieutenant-Governor, appointed Advocate-General to the Vice-Admiralty-Court, under the command of Robert Auchmuty, Eſq; in the room of Jonathan Sewall, Eſq; promoted to the command of a Vice-Admiralty-Court for Halifax, in Nova-Scotia, with a ſalary of £. 600 Sterling a Year, which is ſix times as much as the whole Province of Maſſachuſetts-Bay has ever coſt the Mother-Country, from its firſt ſettlement, 140 years ago, to this day.

By letters from Gardinerſtone, alias Cobbiſconte, on Kennebeck River, dated the 18th ult. we learn, that on Tueſday the 17th, 4 minutes before 12 o'clock, they had there a ſmart ſhock of an earthquake, which laſted a minute. It was inſtantly followed with a violent hurricane of wind from the N. W. and by W. which continued all that day. The next day exactly at the ſame hour and minute, viz. 4 minutes before 12 o'clock, there was another ſhock harder than that on the preceding day; it threw the pewter off the ſhelves, and the ground appeared to move in waves, and ſeemed to come from N. W.

On Mondsy laſt two Indians came to this town from Kennebeck, and immediately waited upon his Honour the Lieutenant-Governor, and produced to him a paſſport from his excellency Governor Carleton, dated at Quebec, which place they left about 7 weeks ago: They belong to a tribe or ſmall body of Indians who are ſeated upon the river St. Charles near Quebec, and came by the way of the River Chaudiere, from the head whereof they croſſed over a Carrying-place of about three quarters of a French league, which brought them into a ſmall Lake that has communication with the River Kennebeck, and the reſt of their paſſage to Fort Halifax was interrupted only by rapid Falls, which obliged them to carry their Canoe now and then a very few rods upon the land. They were ſent to meet Mr. Finley, a Gentleman who was expected at Fort Halifax, where they waited for him a fortnight, when they deſpaired of ſeeing him, and apprehending they ſhould meet with difficulty in returning by the way they came, they ſold their Canoe to pay their paſſage to Boſton, from whence they ſet out on Wedneſday laſt for Albany. One of theſe Indians came the ſame route as a guide to Capt. Montreſor about 8 or 10 years ago.

Laſt Thurſday afternoon, a young woman from the country was deceyed into one of the barracks in town, and moſt ſhamefully abuſed by ſome of the ſoldiers there. The perſon that enticed her thither, with promiſes of diſpoſing of all her marketing there (who alſo belonged to the country) was afterwards taken by the populace and ſeveral times ducked in the water at one of the docks in town; but luckily for him he made his eſcape from them ſooner than was intended; however, we hear, that after he had croſſed the Ferry to Charles-Town, on his return home, the people there being informed of the baſe part he had been acting, took him and placed him in a cart, and after tarring and feathering him (the preſent popular puniſhment for modern delinquents) they carried him about that town two or three hours, as a ſpectacle of contempt, and a warning to others, from practiſing ſuch vile artifices for the deluſion and ruin of the virtuous and innocent: He was then diſmiſſed, and permitted to proceed to the town where he belonged, for the people thereof to act with him as they ſhould think proper.

MARBLEHEAD, OCTOBER 27.

At a Meeting of the Merchants and Traders of the Town of Marblehead, *at the Bunch of Grapes Tavern, October* 20, 1769, *and at an Adjournment the* 23*d Ditto, and at another Adjournment the* 26*th Ditto, they came into the Agreement following*, viz.

IN order to relieve the Trade under the preſent Diſcouragements, and to promote Induſtry, Frugality and Oeconomy, and to diſcourage Luxury, and every Kind of Extravagance, we do promiſe and engage to and with each other as follows:

1ſt, That we will not ſend for or import any Kind of Goods from Great-Britain, on our own Accounts, or on Commiſſions, or any otherwiſe, from this Time, until the American Revenue Acts are repealed; except Coal, Fiſh Hooks, Salt, Lines, Twine, Hemp, Duck, Bar and Sheet Lead, Shot, Wool-Cards and Card-Wire, Nails, Powder, coarſe Kerſeys, and Halfthicks, Bays, Rugs and Blankets, Ozenbrigs, and Pepper.

2d, That we will not purchaſe of any Factor, or others, any Kind of Goods imported from Great-Britain, contrary to the foregoing Article, from this Time, until the ſaid Revenue Acts are repealed.

3d, That whereas many of us have ordered Goods to come out this Fall, which are hourly expected to arrive; and among which are a few Articles, that are not included in the Exception in the firſt Article: We hereby promiſe to deliver the ſaid non-excepted Articles unto the Committee of Merchants of this Town, to be ſtored, at the Riſque of the Owners, till the ſaid Acts are repealed, or otherwiſe agreed by us.

To which Agreement, between 50 and 60 Merchants and Traders have already ſigned; and two Merchants, though not ſigned, have given their Honour, that when their Goods arrive, they will deliver all the non-excepted Goods to the ſaid Committee, to be ſtored at their Riſque, in the ſame Manner as the Subſcribers. And it is expected that the few that have not as yet come into ſuch Agreement, will ſoon be convinced that they ſhould prefer the Good of their Country to their private Intereſt.

PROVIDENCE, *(Rhode-Iſland)* OCTOBER 28.

We are deſired to forewarn the Inhabitants of this Town againſt purchaſing any Articles enumerated in the Agreement [illegible] renewed at the laſt Town Meeting, of any *ſtrolling Perſons* who may bring ſuch here for ſale, and alſo all other Articles, without full Proof that they were really imported from England before the Non-Importation Agreement took Place where the Goods were firſt landed; as it would be highly criminal and offenſive in any Shopkeeper, or other Inhabitant, to purchaſe ſuch Goods of Strangers, at a Time when our own Importers have engaged neither to introduce or ſell them. And we are authoriſed and deſired to notify, that every legal Method will be taken to diſcountenance the Sale of ſuch Goods, and the Purchaſers (if any ſhall be ſo loſt to the Honour and Intereſt of the Town) will be publicly advertiſed, with their Names at large.

NEWPORT, *(Rhode-Iſland)* OCTOBER 30.

About 9 Weeks ago, Captain James-Kinnerſley Hervey, arrived here in a Schooner from Antigua, with a valuable Cargo of Rum and Sugar, conſigned to Gentlemen in New-York; which Cargo he diſpoſed of here, and loaded his Veſſel again with Logwood for ſome Part of Europe; and was cleared out ready for ſailing laſt Wedneſday, when Captain St. Croix arrived from New-York, and brought Powers for apprehending him, of which he got Intelligence, and, before the Sheriff could get on board, he made his Eſcape with the Veſſel on Wedneſday Evening.---- Said Hervey, who was here laſt May, forged and ſold a Number of Bills of Exchange, of which one Captain Field, who was concerned in ſaid Veſſel, became Endorſer, on which Account, Captain Field was taken up, and committed to Goal, in this Town, laſt Thurſday.

NEW-YORK, OCTOBER 30.

The ſloop Live Oak, Captain Foy, of this port, inward bound from St. Domingo, in thick foggy weather, about 6 o'clock in the evening, on Friday the 20th inſtant, had the misfortune to run a ground on Squan Beach, a little to the weſtward of Shrewſbury inlet, and having 2600 buſhels of ſalt, ſome large logs of mahogany, and a conſiderable ſum of money on board, in about nine hours ſhe beat to pieces, by which melancholy accident the following perſons were drowned, Richard Foy, maſter, John Campbell, ſupercargo, (a promiſing young gentleman, of an amiable character, nephew to Mr. Jacobus Van Zandt, owner of the veſſel) Joſeph Haynes, Henry Williams, John Sample, and John Labay, ſeamen; John Abbit, James Sands, a German and his Wife, another married woman, with her daughter of 18, and her ſon of 9 years old, paſſengers; and a negro boy belonging to Mr. Campbell. The mate, Robert Hog, with Joſhua Mariner, and Cornelius Thompſon, ſeamen, got aſhore on ſome of the plank of the veſſel, as did alſo a German, Huſband to one of the women, and father to the young woman and boy that were drowned, on the bows.

The bodies of the Captain, and Mr. Campbell, as alſo of ten more were taken up on the beach, and decently buried.

NOVEMBER 2. The General Aſſembly of this province are to meet here on Tueſday, the 21ſt of November inſtant, circular letters having been wrote to the reſpective members, requiring their attendance on that day.

On Sunday laſt after a lingering illneſs, at his houſe in this city, died Colonel Michael Thody, a gentleman who ſuſtained a good character, and was well reſpected by all his acquaintance. He had been many years a military officer, of approved conduct, in the ſervice of this government, and was preſent in moſt of the campaigns in America, during the laſt war. On Tueſday laſt his remains were decently interred in Trinity church-yard: His funeral was attended by a large number of reſpectable inhabitants, and being a Free-Maſon, a numerous proceſſion of the Friendly Brothers, with their badges, preceded the corpſe, to the grave.

NOVEMBER 6. In order to amend the breed of ſheep, if poſſible, we are aſſured, one Mr. Deſhon has imported into New-London, from Barbary, two rams, which are much larger, and have finer wool, than any of our American ſheep. One of thoſe rams is ſaid to be of the true Turkey-breed, the tail of which alone generally weigh from 6 to 12 pound weight, and are moſt delicious mutton.

Wedneſday laſt being the firſt of November----The day on which the inhabitants of this colony nobly determined not to ſurrender their rights to arbitrary power, however auguſt---The ſame was celebrated by a number of the Sons of LIBERTY, at the houſe of Mr. De La Montanye, in the fields---when a number of toaſts were drank in feſtive glaſſes.

NOVEMBER 13. Captain Ruſſel, in 9 weeks from Haverdegrace, acquaints us, that it was currently reported there, that two of their Eaſt-India ſhips were lately taken by ſome Engliſh men of war in the India ſeas, on account of the French ſupplying Hyder Alley with warlike ſtores to carry on the war againſt the Engliſh in that part of the world. That all the outward bound French ſhips, now are double manned, and carry their full compliment of guns and ammunition; and are daily in expectation of a war with England, on which they are in high ſpirits.

By Captain Mercier from Gibraltar, we learn, that the emperor of Morocco, has declared war againſt the Engliſh nation.

PHILADELPHIA, NOVEMBER 2.

By Captain Gibbons, from Barbadoes, we learn, that on the 22d of September, they had a violent Gale of Wind at South, accompanied with a prodigious Fall of Rain, which continued for 24 Hours, and cauſed the Water to riſe ſo high in the Streets, near the Wharfs, at Bridge-Town, that they were impaſſable for ſome Time; that many dead Bodies were waſhed out of the Graves in the Negroes Burying Ground; three Pinnaces deſtroyed, and conſiderable Damage done to their ſmall Craft; that the Shipping in the Harbour luckily rid out the Gale without any Hurt, but it was feared the Plantations in the Country had ſuffered great Damage.

NOVEMBER 6. On the firſt inſtant was preſented to the managers of the houſe of employment, an handſome fire engine, which was received in a genteel manner for the uſe of that inſtitution. The engine was built by Richard Maſon, of this city, at the expence of the Friendſhip, the Hibernia, the Union, the Britannia, and the Sun-Fire Companies, who generouſly appropriated a part of their ſeparate ſtocks for this laudable purpoſe, and have thereby encouraged a fellow-citizen in a branch of buſineſs, which, it is hoped, may be carried on to the ſatisfaction of his future employers, as well as ſave them the trouble and riſque of importing ſo neceſſary an article from foreign parts.

NOVEMBER 9. From Cork we learn, that the brig Charming Polly, Captain Henderſon, who ſailed from this port with a deſpiſed load of malt, arrived there on the 29th of Auguſt, where ſhe was at firſt refuſed entrance by the collector, he ſuppoſing the ſaid Captain had run away with the veſſel and cargo, till the Captain produced a news-paper containing the tranſactions of the united inhabitants of this city relative to the ſaid malt; which tranſactions have ſince been publiſhed there, and greatly approved of.

Laſt week ſailed the brig Friends Goodwill, Captain Spicer, for Hull, who carries back with him a large quantity of goods imported in ſaid brig, contrary to the agreement of the merchants and traders of this city.

This day ſails for London the ſhip Pennſylvania Packet, Capt. Falconer, with whom goes paſſengers, Mrs. Rachel Willſon, a public friend, and Mr. Abel James, of this city, merchant. Capt. Falconer carries with him a quantity of goods imported contrary to agreement.

On Saturday laſt, His Honour the Governor was pleaſed to appoint ANDREW ALLEN, Eſq; to the office of *Attorney-General* of this province, in the room of BENJAMIN CHEW, Eſq; who reſigned.

Captain May, from Liſbon, on the 26th September, two days after he ſailed, fell in with 5 or 6 ſail of Algerines, who fired ſeveral ſhot, brought him too, and took ſome of his compaſſes and inſtruments from him, and ſeveral ſmall things; but two veſſels heaving in ſight, which they took to be Engliſh frigates, they let him go. He ſaw two zebecks chaſe a ſnow at the time he left them. One of the Algerines was a two-deck ſhip.

Captain May informs, it was reported in Liſbon, that 30 Ruſſian ſail of the line, joined by ten ſail of Daniſh men of war, were ſailed from the Baltick, to go up the Mediterranean againſt the Algerines, who had declared war againſt the Danes; the account was brought by a Lieutenant of a Daniſh man of war. They were in the Sound the 10th of Auguſt.

Captain Peel from Liſbon informs, that on the 26th September, he was boarded by an Algerine ſhip, who took from him moſt of his cabbin furniture, ſtores, and cloaths, alſo great part of the ſeamens cloaths, the mate's quadrant and cloaths, and beat him about the cabbin; and after detaining them a conſiderable time, let them go. While they were on board, a Spaniſh priſoner told Captain Peel's people, that they had taken ſeveral prizes, and had plundered a number of Engliſh veſſels.

Copy of a Letter written by the Committee of Merchants in this City, in Anſwer to one received from the Speaker of the Houſe of Aſſembly of New-Jerſey.

SIR,

WE received your letter of the 20th inſtant, and requeſt the favour of you, to lay before the honourable Repreſentatives of the Province of New-Jerſey, the high ſenſe we have of the honour they have done the merchants and traders of this province, in the vote of thanks tranſmitted to us. Such an approbation of their conduct cannot but be exceeding grateful; at the ſame time, we hope, it will be ſerviceable to the cauſe of liberty in which we are engaged, by ſtimulating and encouraging every lover of his country to perſevere in a meaſure calculated to procure redreſs of our grievances.

When the petitions and memorials of the repreſentatives of the colonies, in favour of the rights and liberty of America, are ſeconded by the endeavours of the people, and thoſe endeavours are conducted with ſuch unanimity, peace, good order, and reſolution, as to merit the approbation and thanks of the repreſentatives in Aſſembly met, there is the greateſt reaſon to hope, that, notwithſtanding the attempts of arbitrary, deſigning, or weak miniſters, the united efforts of the colonies thus exerted, will in the end be crowned with ſucceſs, and prove effectual in ſecuring to themſelves and their poſterity the bleſſing of liberty, and the rights of freemen, to which they are intitled by the Britiſh conſtitution.

We are with much Eſteem and Reſpect,

NOVEMBER 16. By accounts from Ferrol, (in Spain) of the 22d of September, we learn, that advices were received there from England, by letters, &c. that Mr. Pitt is again in place, and hourly in conſultation with the King: At the ſame time this news arrived at Ferrol, orders were received from the Spaniſh court at Madrid, for all the men of war to be hauled out of the

Mole into the stream, with strict orders for the Captain, officers and 40 men to be on board every ship, under pretence of there being more air for them in the stream than in the Mole. Various were the conjectures on the above orders, but the best grounded and most confidently talked of, was, that the British Ambassador at Madrid was going for England, having discovered that a secret plan was formed for the junction of the Spanish fleet at Ferrol and Cadiz, with a large fleet from France, and were to attack Ireland at the first breaking out of the war, (which was thought nigh at hand) and keep the fleets of both nations constantly at sea, in order to attack the British fleet wherever they met them. We also learn, that the Prime Minister of Spain was confined for discovering the above plan to the English Ambassador.

Extract of a letter from Lisbon, dated September 25, 1769.

"Having just now, on change, learnt that this court and the Emperor of Morocco have concluded a peace for a year, we send this after Captain Fortin to inform you thereof; fearing, as Barbary abounds in wheat, supplies from thence will reduce our market to a low ebb, which occasions our countermanding your interesting us in vessels cargoes till further advice; requesting your communicating this unwelcome news to our friends."

By a gentleman from Pensacola we learn, that soon after the landing of the Spaniards at New-Orleans, all the English were ordered to depart from thence in ten days, which they were forced to comply with; that a number of vessels which went from Pensacola with provisions, &c. were obliged to return, not being permitted to trade; and that the Frenchmen put in confinement on the arrival of the Spaniards were still in gaol, except one who died, whose corpse the Spanish Governor, O'Reily, wanted to hang, but desisted through the persuasion of the late French Governor.

Extract of a Letter from Maryland, November 11.

"Captain Johnson left London the 20th of August, and is arrived in Patuxent, with about £20,000 in Cargoes for different Persons---The Goods are to be stored."

By Captain Mills, from North-Carolina, we learn, that Captain Hunt's Sloop, belonging to New-York, and two Sloops belonging to New-England, are all the Vessels that have yet been got off, out of about 20 Sail that were drove ashore there in the late Storm; and that about the 16th of last Month, a Schooner belonging to Carolina, inward-bound from the West-Indies, and a Sloop belonging to New-York, were drove ashore at Ocracock, in a Gale of Wind, where it is feared they will be lost.

ANNAPOLIS, *(in Maryland)* October 26.

On Tuesday last, a Number of People impatient to cross South River, in order to see the Race, the Wind blowing fresh, one of the Ferry-Boats was overloaded in such a Manner, that she sunk within about 200 Yards of the Shore, by which unhappy Accident, Mr. Samuel Marlow, of Prince-George's County, and another Man were drowned. 'Tis said there were 11 Horses, and near 20 People, in the Boat, and it was with much Difficulty the other Passengers were saved.

On Tuesday last, the following Horses, &c. started on the Race-Ground near this City, for the Subscription Purse of FIFTY GUINEAS, viz.

WILLIAMSBURG, *(Virginia)* OCTOBER 26.

On Saturday last came to town 31 Indians of the Cherokee and Catawba nations, complaining of some encroachments made on their lands by the white people.

Mr. RIND,

The following paragraph, in a letter from an American, and true friend of liberty, now in London, to his friend in Virginia, who has also a real regard for liberty, ought to be made public, as it will give the Virginians an opportunity of being grateful to so worthy a governor, as I am sure they always wish to be.

LONDON, July 19, 1769.

"Lord BOTETOURT, to his honour, has wrote much in your favour. Since the advices from Virginia and Boston, 'tis generally believed the American revenue act will be repealed; tho' some weighty people are against it. Most here think the Americans are in the right."

NOVEMBER 2. Last Sunday afternoon the Rev. Dr. Witherspoon, President of the College of Nassau-Hall, at Princetown, preached to a crowded audience in the Capitol yard, (there being no house in town capable of containing such a multitude) and gave universal satisfaction. After sermon a collection was made for that excellent and growing foundation, which as yet has no other support than the generosity of the public, that amounted to upwards of fifty-six pounds; and we have it from good authority that his Excellency the Governor has paid into the hands of Dr. Witherspoon, for the same beneficent purpose, a farther donation of fifty pounds. [*Such a glorious spirit for the encouragement of useful learning deserves the highest praise, and, no doubt, will afford much pleasure to every lover of the sciences.*]

We hear from Hampshire, that two of the people who lately were concerned in murdering some Indians in Augusta, had been apprehended in that county, and lodged in Winchester goal; but that soon after their commitment a body of seventy armed men came down, broke open the prison, and released the culprits.

Yesterday arrived in Hampton road, from South-Carolina, his Majesty's frigate the Hussar, Captain Corner.

We hear, there is a large ship ashore on Cape Henry, inward bound. She fired guns of distress; but the wind blew so hard that no pilot could go to her assistance.

GRENADA, SEPTEMBER 30.

At a Meeting of the Council Yesterday, the President communicated a Letter he had received from the Governor, signifying, that for divers Causes, which he would insert in the Council Book, and direct a Copy of his Reasons for so doing to be delivered to each, he had thought proper to suspend six Gentlemen, and remove them from his Majesty's Council of Grenada and the Grenadines, whom he particularly mentions by their Names.

The Council having taken this extraordinary Letter into Consideration, came to several Resolutions---That the Governor being, by his Majesty's Instructions, directed not to suspend any Member of the Council, without good and sufficient Cause shewn, nor without the Consent of the Majority of the said Council, after due Examination of the Charge---except for such Reasons as are not fit to be communicated to the said Council, the Suspicion of which his Letter totally removes-----That therefore this Attempt to suspend, &c. is a most wanton and extraordinary Exertion of Power, not warranted by the Letter or Spirit of his Majesty's Commission and Instructions. That therefore the Suspension is null and void, and the six Members are and do continue Members of his Majesty's Council, &c. That the Attempt to suspend them was illegal, and therefore the Hon. Patrick Maxwell (who was not of the Six) desired it might be added, That he will not act with any other Persons as Members of the Council, but those appointed by his Majesty, till his Majesty's Pleasure be known.

A Quantity of exceeding good coarse SALT, just arrived in the Schooner *Experiment*, Captain *Edward Darrell*, from TURK'S ISLAND, to be sold on board said Vessel at Fairbairn's Wharf, or by JOSIAH SMITH, jun.

CHARLES-TOWN, DECEMBER 5.

Tuesday last the Honourable the Commons House of Assembly of this Province met here, pursuant to Prorogation; when His Honour the Lieutenant-Governor was pleased to open the Session with the following SPEECH:

Honourable Gentlemen of His Majesty's Council,
Mr. Speaker, and Gentlemen of the Assembly,

AS I had nothing in Command from the King, to be immediately laid before you, I was unwilling to call you together earlier than was consistant with your Convenience; reserving to that Time, the several Matters which I shall now recommend to your Consideration.

His Majesty having been graciously pleased to commit the Regulation of the Indian Trade to the respective Legislatures of His American Colonies; Regard being had by them to the Freedom of Trade, granted by His Majesty to all His Subjects, by His Royal Proclamation in the Year 1763: I make no Doubt, but this Mark of the Royal Condescention and Confidence, will prompt you to that Zeal, which the Importance thereof requires. On this Occasion, I shall point out, as particular Objects, the providing an effectual Law to prevent any Settlements being made bejond the Boundary established between His Majesty's Subjects and His Indian Allies; to restrain His Majesty's Subjects from killing Beaver and Deer on the Indian Hunting Grounds; and to prohibit Trafficking with Indians coming into our Settlements: All which Practices may prove of dangerous Consequence to the Tranquillity of our Back Settlements.

It is with great Satisfaction I acquaint you, that the Bounty given by you for some Years past, for raising Hemp, hath happily answered your Intentions; several Hundred Tons having been made this Year; and the Culture thereof, will doubtless receive additional Spirit from the Bounty given by Parliament.

The Raw Silk raised in this Province, at the Expence of the Public, by Way of Experiment, having been approved, and found to be of a good and merchantable Quality, I am persuaded you will avail yourselves of the favourable Opportunity, which the Act of Parliament, lately passed, to encourage the raising of Silk in His Majesty's Plantations in America, presents, by taking such Measures, as will effectually establish in this Province that valuable Article of Commerce.

Wine from European Vines, hath lately been made in our North-Western Settlements, where the Soil and Climate are very favourable: But the People in those Parts, though willing, are unable to employ their Labour, from which poor Men must receive immediate Returns, in cultivating Vines, which require three Years Growth before they yield Profit. It will therefore deserve your Consideration, whether this is not an Object that may merit your Encouragement.

Good Wheat hath for many Years been raised here, tho' our Flour is still at a lower Price than what is imported; and late Experience has shewn, that Tobacco of the best Quality is produced amongst us. These Articles stand in Need of no other Help, to render them more valuable, and a considerable Addition to our Exports, than our enacting such Laws, for their Improvement, as have been found beneficial in our neighbouring Colonies.

To these pleasing Prospects of our growing Prosperity, let me add one Thing, to crown the Happiness of Man in his most flourishing Condition, the Necessity of having the Principles of our most holy Religion instilled, and the true Worship of God publicly practiced by able Ministers, much wanted in the distant but populous Settlements on the North-Western Parts of our Province. The late Disturbances there, occasioned by Grievances in a great Measure owing to the Newness of the Settlements and Distance from the Seat of Justice, are now appeased, from a Reliance on the Legislature to give Redress to them: Your passing such Laws as will relieve them, from the Inconveniences and Hardships which their remote Situation at present exposes them to, will remove their Uneasiness, and render them more useful, as they are already well-disposed, Members of the Community.

Mr. Speaker, and Gentlemen of the Assembly,

I have ordered the Public Treasurer to lay before you the Accounts of Public Debts for the current Year, and as Fort Johnson stands in Need of some Repair, I shall order an Estimate of the Expence thereof to be laid before you: These are the only Services for which at present I must desire you to make Provision.

Honourable Gentlemen of His Majesty's Council,
Mr. Speaker, and Gentlemen of the Assembly,

The several Matters which I have laid before you, are of such Consequence, towards securing the Peace and Safety, advancing the Trade and Wealth, and promoting the Prosperity and Happiness of the People of this Province, that I am convinced they will engage your Attention, from whence I have Reason to derive the most sanguine Expectation of their speedy Accomplishment.

Nov. 28, 1769. WILLIAM BULL.

SOUTH-CAROLINA.

To the Honourable WILLIAM BULL, *Esquire, Lieutenant-Governor, and Commander in Chief, in and over His Majesty's Provine of* South-Carolina.

The Humble ADDRESS *of His Majesty's* COUNCIL.

May it please your Honour,

WE, His Majesty's dutiful and loyal Subjects, the Council of this Province, beg Leave to return your Honour our Thanks, for your Speech delivered Yesterday to both Houses of Assembly.

We acknowledge, with Gratitude, His Majesty's Goodness, in being graciously pleased to commit the Regulation of the Indian Trade to the respective Legislatures of his American Colonies. And as we are sensible it is a Matter of great Moment to this Province, we shall not fail to give it a due Consideration; and will use our Endeavours to promote the passing such Laws, as may be necessary to secure, to the Indians, the free and undisturbed Use and Enjoyment of their Hunting Grounds, to restrain the pernicious Practice of trading in the Settlements, and to establish such other wholesome Rules and Regulations as Justice and found Policy may require.

The several other Matters you have been pleased to recommend to our Consideration, we esteem as a fresh Proof of that Zeal and Attention to the Interests of this Province, that has uniformly distinguished your Honour's Administration. And convinced, from Experience, that your sole Study is, to approve yourself a faithful Servant to our most gracious Sovereign, and a Promoter of the Happiness and Prosperity of the People entrusted by him to your Care, we beg Leave to assure your Honour of our Readiness, to promote the Encouragement of the useful and valuable Staples, mentioned in your Honour's Speech, which so evidently tend to advance the Trade, and augment the Wealth, of this very flourishing and important Province.

By Order of the House,
OTHNIEL BEALE.

In the Upper House of Assembly, the 29th Day of Nov. 1769.

To the above Address, His Honour the Lieutenant-Governor was pleased to return the following ANSWER:

Honourable Gentlemen,

THE ready Disposition which you express in this Address, to pay a due Attention to the several Matters I have laid before you, demands my sincere Thanks.

I desire you to accept my particular Acknowledgements, for the favourable Sentiments you are pleased to entertain of my feeble, but faithful, Endeavours to serve His Majesty and this Province, in which I have been always so well assisted by your Advice.

Nov. 30, 1769. WILLIAM BULL.

To the Honourable WILLIAM BULL, *Esquire, Lieutenant-Governor, and Commander in Chief, in and over His Majesty's Province of* South-Carolina.

The Humble ADDRESS of the COMMONS HOUSE OF ASSEMBLY of the said Province.

May it please your Honour,

WE His Majesty's most dutiful and loyal Subjects, the Commons House of Assembly of the Province of South-Carolina, beg Leave to return your Honour our Thanks, for your Speech delivered in General Assembly, on Tuesday last.

Your Honour's Recommendation, with Regard to the Indian Trade, merits the serious Consideration of this House, and we shall accordingly take such Steps therein, as may seem most conducive to the Interest of the Province.

It is highly agreeable to this House, that the Bounty granted on the Culture of Hemp, hath proved so beneficial to the Province, and satisfactory to your Honour.

We are ever grateful for Favours conferred on us by the Mother-Country, and we sincerely wish the Bounty granted by Parliament, on the making of Silk in America, may fully answer their Intention. And we beg Leave to assure your Honour, that there shall be nothing omitted on our Part to accelerate the same.

We hope the Culture of Grape Vines may meet with the wished for Success; nor will this House be wanting, in any further Measures they may find expedient for the Promotion thereof.

Respecting the further Encouragement of Wheat Flour and Tobacco, we will, agreeable to your Honour's Recommendation, frame such Laws, as shall appear to us most likely to promote the Cultivation of those valuable Commodities.

This House, truly sensible how necessary it is to promote the Practice of Religion and Virtue amongst the Inhabitants of the new Settlements on our North-Western Frontiers, and having already passed a Law, for the establishing of Courts of Justice there; will, upon every Occasion, give all due Encouragement to any Thing which shall be proposed for their Benefit and Advantage.

We promise your Honour, that no Time shall be lost, after the public Accounts are laid before us, to make ample Provision for the Discharge thereof. And when your Honour shall think proper, to order an Estimate of the Expence of the Repairs of Fort Johnson, to be laid before this House, we shall immediately take the same under Consideration.

By Order of the House,
PETER MANIGAULT, *Speaker.*

30th Day of Nov. 1769.

To which Address, His HONOUR was pleased to give the following ANSWER:

Mr. Speaker and Gentlemen,

I Return you my hearty Thanks for this Address. The Assurances you give me, of your Readiness to attend to the several Matters I have recommended to your Consideration, cannot but be very acceptable to me, as the Welfare of this Province, which is always my principal Object, will be thereby greatly promoted.

SUPPLEMENT to the SOUTH-CAROLINA GAZETTE, and COUNTRY JOURNAL.

TUESDAY, DECEMBER 5, 1769. No. 209. [Printed by CHARLES CROUCH, in Elliott-ſtreet.]

LONDON, SEPTEMBER 28.

THEY write from Stockholm, that the court of Verſailles had, by their ambaſſador, threatened to withdraw their annual ſubſidy paid to Sweden, on account of the oppoſition made by the ſtates to the views of France, in ſtirring up the kingdom to a war with Ruſſia.

By letters juſt received we are informed, that a great number of ſhipwrights are gone from Copenhagen to the Ruſſian fleet, to repair the damages it ſuſtained in a ſtorm upon entering the Humber.

We hear orders are ſent to the Governors of Gibraltar and Port Mahon, to afford all the neceſſary refreſhments and aſſiſtance to the Ruſſian fleet, ſoon expected in the Mediterranean, in caſe it ſhould be found neceſſary for the whole, or any part of the ſaid fleet, to touch at theſe ports.

They write from Bruſſels, that the marchioneſs of Carcado, born counteſs of Montmorenci, was married there the 6th inſt. to the count de Coronini.

Letters from Madraſs, by the laſt ſhips, mention, that the inhabitants of the Black Town, conſiſting chiefly of Mahometans, had given the ſtrongeſt proofs of their attachment to the company's intereſt, by the methods they had taken to ſecure that place from any attempt that might be made by Hyder Ally. Great bodies of the black merchants, and their dependants, have formed themſelves into aſſociations, and ſeem determined to do every thing in their power to annoy the enemy.

The report of Madraſs being beſieged, it is ſaid, in all probability aroſe from the account which was ſent by a gentleman from that fortreſs, of a ſmall party of Marattas, ſuppoſed to belong to Hyder Ally's army, have pillaged ſome houſes at St. Thomas's Mount, a pleaſant village, a few miles from Fort St. George.

John Wilkes, Eſq; has received a large packet of letters from the Weſt-Indies, containing fifty ſheets, on very important affairs, which, we are aſſured, will be laid before a certain great aſſembly at their next meeting.

Yeſterday his excellency count Caunitz, who arrived here on Monday, in order to ſucceed his excellency count Viri, as ambaſſador from his Sardinian majeſty, was introduced to his majeſty at St. James's, and moſt graciouſly received.

Yeſterday morning his excellency count Caunitz, the new ambaſſador from the court of Turin, had a conference, which laſted near an hour, with the Right Hon. the Earl of Rochford, ſecretary of ſtate, at his houſe in Berkeley-ſquare.

Yeſterday count Viri, his Sardinian majeſty's ambaſſador extraordinary at this court, had audience of leave of his majeſty at St. James's, he being to ſet out on his return home on Saturday next.

At the ſame time count Caunitz, appointed ambaſſador at this court from Sardinia in his room, who arrived at his houſe in Lincoln's-inn-fields on Monday laſt, had audience of his majeſty at St. James's, and delivered his credential letters.

The ſame day his excellency count de Malzhern, the Pruſſian ambaſſador, had a long conference with his grace the duke of Grafton, on the ſubject of important diſpatches from the court of Berlin.

Yeſterday Paſcal Paoli, the late Corſican general, was introduced to his majeſty at St. James's, by Sir Charles Cottrell, knt. maſter of the ceremonies, and accompanied by lord Robert Bertie. His majeſty received him very graciouſly, and converſed with him upon various ſubjects for upwards of two hours. He was accompanied by a clergyman, and another gentleman, ſuppoſed to be a Corſican officer. He was dreſſed in ſcarlet and gold, and made an elegant appearance.

Yeſterday was held a general meeting of the Eaſt-India proprietors at their houſe in Leadenhall-ſtreet, when after reading the minutes of the former court, the [illegible] before the [illegible] of the late advices received from Madraſs by the Dutton Eaſt-Indiaman; by which it appears that the company's affairs on that coaſt, are in much the ſame ſituation as when the laſt ſhip came away: Hyder Ally is ſtill in the Carnatic, but in no condition to face our armies. The governor and council at Madraſs had ſent deputies to treat with him, but found it impoſſible to come to any agreement. Our army lay encamped at Wandewaſh, about forty miles from Madraſs, and that of Hyder Ally at Gingee, about thirty from Pondicherry. Colonel Smith, after leaving his baggage in a place of ſafety, had ſet out with his light troops, and what country horſe he could gather together, to try to bring him to an engagement; and it was not doubted but that he would be able to give a good account of him, or drive him once more behind the mountains.

We are informed that ſeveral new ſhips are ordered to be laid in the ſtocks, for the ſervice of the Eaſt-India Company, as many lately arrived from abroad have been adjudged incapable of proceeding on another voyage.

As it is currently reported that Mr. Macauly is author of the letters ſigned Junius, it would afford no leſs diverſion to the literary than to the military world, if ſhe ſhould openly avow that ſignature, take Sir William Draper at his word, *produce her perſon*, and promiſe to meet him, wherever he ſhall appoint, to give him all the *ſatisfaction* he ſhall require.

Extract of a Letter from Portſmouth, September 24.

"His majeſty's frigates Aurora and Stag are now at Spithead, ready to ſail for the Eaſt-Indies.

"All the gentlemen that are to go are on the ſpot, and we do not apprehend any thing detains them but ſailing orders.

"There is a report that we have actually loſt Madraſs.---We hope this is but a report.

"Tueſday morning early the Dutton homeward bound Eaſt-Indiaman, arrived off St. Helens, made a ſignal for a pilot, and puſhed away for the Downs with the utmoſt expedition.

"We have, thank God, a great number of fine ſhips of all rates ready here to go into commiſſion, and to be got ready for the ſea at the ſhorteſt notice.

"We have ſeveral reports here concerning the Ruſſian fleet. Some ſay they are not yet out of the Baltic; others, that they are in the Downs; others, that they are to ſail north about for the Mediterranean.

"At Spithead ſix ſhips of war."

Her grace the ducheſs of Beaufort, who is at Alsford, Hants, is ſo well recovered of her broken leg, that it is expected ſhe will ſet out to-morrow for his grace's ſeat at Badmington, in Glouceſterſhire.

Yeſterday Major-General Mackay, commander of the 56th regiment of foot, arrived in town from Boſton in New-England.

SEPTEMBER 29. This day was held a board of treaſury, when the lords gave directions for the immediate payment of all the money remaining due on the ſeveral branches of his majeſty's civil government up to the 5th of July laſt, by which all arrears of the expences of the civil liſt, which were to be made good out of the ſurplus of the current year, will be entirely diſcharged.

Letters from Liſbon, by the laſt packet, mention, that the greateſt cordiality now ſubſiſts between his excellency William-Henry Lyttleton, his Britannic majeſty's ambaſſador there, and the prime-miniſter of Portugal.

This morning his excellency Sir James Grey, who returned yeſterday from his ambaſſy at the court of Madrid, had a long conference with the duke of Grafton.

Next Saturday the Ruſſian ambaſſador will ſet out from his houſe in Soho-ſquare, on his return home.

It is ſaid that a great perſonage was much pleaſed with the converſation of the Corſican chief yeſterday, which was in French, and laſted a conſiderable time, and appeared to entertain a regard for him.

This morning ſeveral foreigners of diſtinction viſited general Paoli, at his apartments in Bond-ſtreet.

The premier has declared, that every meaſure which ſhall be adopted in the enſuing ſeſſion, ſhall be with the concurrence of the D--- of B-----, which has occaſioned ſo many viſits being lately made to W-----n A---y.

We are credibly informed, that the Right Hon. lord Holland, has taken his paſſage to go to Leghorn on board the king of Sardinia, Captain St. Barb, who is to wait for his lordſhip in the Downs.

It is publicly ſaid that a certain great d--- is ſo exaſperated at a letter of Junius's, that he has offered a conſiderable reward for a diſcovery of the author; and has alſo employed every private engine to accompliſh the ſame.

So deſirous are the French miniſtry to be punctually informed of the intended rout of the Ruſſian fleet, that excluſive of the ſmall frigate now in the Downs, they have ſtationed another to cruize between the Naze of Norway, at Straw-point, on the coaſt of Jutland; with orders to dog the above fleet in caſe of its ſteering the north paſſage round Ireland.

Recent letters from Conſtantinople mention, that the Ottoman Porte have entertained very alarming apprehenſions for the ſafety of their Archipelago iſlands; which it was expected would be attacked firſt by the Ruſſian navy on its arrival in the Mediterranean.

His excellency Sir James Grey, has informed the miniſtry, that the Spaniſh court have given the ſtrongeſt aſſurances of maintaining a ſtrict neutrality in the preſent war between the empreſs of Ruſſia and the Grand Signior.---We wiſh theſe aſſurances may be founded on good faith.

This morning his excellency the Dutch ambaſſador had a long conference with the Ruſſian ambaſſador, on the ſubject of ſome important diſpatches from the Hague.

It appears by all the advices lately received from India, that the chief advantages gained over our forces by Hyder Ally, are owing to his ſudden and deſultory attacks, by which he harraſſes and keeps our army in continual alarms; many have ſuffered by ſickneſs, fatigue, and the ſword; and we are aſſured, whatever pains may be taken to diſguiſe the truth, that ſeveral of our officers have joined the enemy. It is not from partial extracts of letters, communicated by order of the directors, that the public may expect true information; but from thoſe who have no intereſt in diſguiſing the truth.

It is a received opinion, that the inhabitants of Hindoſtan are under the moſt ſlaviſh and ſuperſtitious ſubjection to their prieſts, and are all of them ſo bigotted to the forms of their proper caſt, or tribe, that they are unfit for all the purpoſes of war. But the far greater number of caſts are not near ſo ſcrupulous as is imagined; and probably, in this inſtance, ſuperſtition will at laſt give way to a ſenſe of public wrongs.

We hear Sir Francis Bernard will ſoon be appointed to ſet out for the Continent in a public character.

This week upwards of fifty thouſand pounds were remitted from two capital houſes in the city to Paris, being the differences on Eaſt-India ſtock in favour of Monſ. Buſly, on account of ſome late contracts in the Alley.

A certain general officer has obtained leave to ſell his commiſſion, if no other means can be found to ſatisfy his creditors.

We hear, a celebrated foreigner having expreſſed to his friends a deſire to ſee his fellow-ſufferer in the cauſe of liberty, John Wilkes, Eſq; was ſtrenuouſly adviſed to the contrary, as a ſtep which might poſſibly create diſguſt in ſome perſons, who at preſent ſeem heartily diſpoſed in his favour.

SEPTEMBER 30. It is ſaid, by many gentlemen who have been upon the ſpot, that Fort St. George may hold out a long ſiege, although it is ever ſo vigorouſly attacked by Hyder Ally. General Lally inveſted it the [illegible] 1758, and though he [illegible] was well ſerved, and his troops admirably diſciplined, he was forced to raiſe the ſiege the 17th of February following, leaving near fifty pieces of cannon behind him.

Letters from Rochelle mention, that the French merchants have already greatly availed themſelves of the diſputes between Great-Britain and her Colonies, by pouring into North-America large quantities of their own manufactures, which it will be hardly poſſible to prevent being ſmuggled on different parts of ſo extenſive a coaſt.

They write from Jamaica, that the Spaniards are cutting down immenſe quantities of the largeſt cedar trees in the iſlands of Cuba and Trinidad, to be formed into beams, knees and planks, and exported to Cadiz and Ferrol, for the ſervice of the marine.

Mr. Vaughan is not deſerted by the patriotic club, as is generally ſuppoſed; for a correſpondent aſſures us he yeſterday ſaw him at Guildhall, when the public buſineſs was over, in cloſe converſation with the Reverend Mr. Horne. Mr. Vaughan's modeſty was remarkably conſpicuous, as he ſecreted himſelf behind one of the giant's legs in the Chamberlain's gallery.

Thoſe friends of a certain merchant who have ſeen his written defence, but who are under a promiſe of not divulging the contents, declare that it is a full and ſatisfactory vindication of the merchant; and contains ſome charges againſt a perſon of great rank, reſpecting a much talked of negotiation, that when known, will excite the admiration and aſtoniſhment of the public.

OCTOBER 2. *Saturday the poll for Lord Mayor began at Guildhall at nine o'clock, and broke up a little after twelve, when the numbers ſtood thus:*

Alderman	*Beckford*	635
	Trecothick	616
	Bankes	218

The Poll is further adjourned till this morning, nine o'clock.

At the cloſe of the Poll, Meſſrs. Sawbridge and Townſend, Sheriffs elect, went, accompanied by the Lord Mayor, &c. in the City barge to Weſtminſter-hall, and were ſworn into their office; great crouds attended on this occaſion.

A Right Hon. Alderman went to Guildhall on Saturday on foot, amidſt a general hiſs: He went upon the huſtings, and complained of his name being printed in one of the morning papers, as one of the perſons who had been ſearching the books in the Town Clerk's office for ſeveral days, &c. and pledged his honour for his innocence. On his return from the hall, a great number of the people ſurrounded him, ſhewing every poſſible mark of contempt, and at length joſtled him, and grew ſo outrageous, that he thought it neceſſary for his own ſafety to take ſhelter in the houſe of Meſſrs. Allen and Marlow, in King-ſtreet.

It is ſaid, that the great indignity, with which Mr. Alderman Harley was treated at Guildhall, was very diſagreeable to the new Sheriffs, and to many other friends of Liberty, who did all in their power to prevent it.

As Mr. Alderman Trecothick has not ſerved the office of Sheriff, it is thought that the Court of Aldermen will make choice of Mr. Beckford a ſecond time, as there ſeems to be no doubt but thoſe two Gentlemen will be returned to them by the Livery, rather than deviate from the ancient cuſtom of obliging Gentlemen to go through that expenſive office previous to their Mayoralty; yet, we are told there has been an inſtance of a perſon ſerving the office of Mayor three times, though never elected Sheriff.

Yeſterday morning his Serene Highneſs the Prince of Macklenburgh, ſet out from his houſe at Richmond, on his return home.

On Saturday night ſome diſpatches were ſent away from the Secretary of State's Office to Sir Andrew Mitchell, his Majeſty's Ambaſſador at the Court of Berlin.

It was on Saturday morning reported, that General Paoli will be appointed to a command in the Hanoverrian ſervice.

General Paoli will be preſent at New-market races, which begin this day.

The report that Lord Holland's having taken his paſſage for Leghorn, is now ſaid to be without foundation.

It is reported that the petition, now preparing for preſentation from the county of York, will eclipſe all former petitions, as well from the maſterly manner in which it is drawn up, as the nature of its addreſs which is to the King, Lords, and Commons, from whom, both in their collective and ſeparate capacities, redreſs is required.

After all the reports propagated to ſink the price of India Stock, with regard to the danger of Madraſs from Hyder Ally, it appears, from the accounts in the letters brought by the Dutton, that there is not the leaſt foundation for any ſuch apprehenſions. He is at ſeventy miles diſtance from Madraſs, with the Company's army between him and that place; and as he never dared to face that army in the field, when harraſſed with long marches, and in want of recruits in his own country, it is abſurd to ſuppoſe he will now venture on it, when it is encreaſed by the great additions that are made to it from the force collected near Madraſs; when not only the Company's people, but the numerous inhabitants of the Black Town have armed themſelves, and are provided amply with artillery and all other requiſites, for the moſt formidable oppoſition.

The utmoſt that Indian Commander could do, would be to injure the Nabob of Arcot, by plundering his country; but there is not the leaſt doubt, but that he will be very ready to liſten to the terms which the Preſidency of Madraſs, who are gone thence to meet him, will propoſe to him; as he knows, that though the Company's forces in the Carnatic, at preſent, are not equal to the conqueſt of his country, yet now that the treaty with Raja Suja Dowla has made them ſecure in Bengal, they can eaſily withdraw ſuch a number of troops from thence as, together with thoſe now near Madraſs, would, if landed near his capital, be irreſiſtable by his body of wild horſe, however numerous, which is the only army he is poſſeſſed of.

By the accounts likewiſe from Madraſs, we are not only informed of the ſufficiency of the Company's troops to defend that place againſt Hyder Ally, who has no infantry, nor any other troops but untrained horſe, but that the preſidency and their ally the Nabob of Arcot, Prince of the country in which Madraſs is ſituated, are forming a large regular body of cavalry to be employed to oppoſe that uſurper, in caſe the treaty of peace now offered be refuſed by him.

Some letters from Conſtantinople mention, that the recall of the Grand Vyſir from the command of the Turkiſh army has been effected by the intrigues of a certain foreign Ambaſſador, and that this change is conſidered as the forerunner of a peace with the Ruſſians.

They write from Liſbon, that the King had given orders to ſupply the Ruſſian fleet with all manner of aſſiſtance and neceſſaries, in caſe of its putting into any harbour belonging to Portugal on its voyage to the Mediterranean.

They write from Paris, that ſeveral councils have lately been held at Verſailles, to adjuſt the manner in which the Ruſſian fleet, or any part of it, ſhall be received, in caſe of its being obliged to put in for ſhelter or refreſhments in any of the ports of France.

Mr. Hounde, late Purſer of the Boyne, is appointed Purſer of a new ſhip of 74 guns, building at Plymouth.

His Majeſty's ſloop the Swift, at Deptford, is put into commiſſion, and the command of her given to Capt. Farmer.

Mr. Middleton, late Purſer of the Deptford, is appointed Purſer of the Boyne, of 70 guns.

Wedneſday a gentleman of fortune was apprehended at Wandſworth, on ſuſpicion of having lately forged India Bonds, to a large amount.

OCTOBER 3. They write from the frontiers of Moldavia, that on the 8th of this month a body of 6000 Turks having paſſed the Neiſter by ſwimming, were ſo warmly received by the Ruſſians, that not above 1000 of them returned towards Choczim.

Letters from Paris mention, that M. de Voltaire has lately written a new pamphlet, which is univerſally admired, entitled, A Plan for a perpetual Peace.

OCTOBER 4. It is reported that William-Henry Lyttleton, Eſq; his Majeſty's Ambaſſador at the court of Portugal, will be recalled to ſucceed Sir Francis Bernard as Governor of Maſſachuſetts-Bay.

It is reported that Sir Francis Bernard is not to return to North-America, but be provided for in another department; however his late ſalary as Governor of Maſſachuſetts-Bay is continued to him, and is now paid out of the civil liſt.

It is confidently ſaid, and by thoſe who are no enemies to the miniſtry, that as ſoon as the ſupplies are raiſed, and the moſt important buſineſs of the enſuing ſeſſions is nearly compleated, the parliament will be diſſolved.

We hear there will ſoon be an augmentation of troops on the Iriſh eſtabliſhment.

OCTOBER 5. The reports that Governor Bernard is not to return to America, are without foundation; it being determined to ſend that gentleman back to his government, with an enlargement of his commiſſion.

According to the late Barrier treaty between the Queen of Hungary and the King of France, the Empreſs cedes to France all that part of the borough and territory of Doulemont, on the right bank of the Lys towards Liſle; as alſo the Lordſhip of Warneton; and the King of France cedes, as an equivalent, to the Empreſs Queen, the borough of Neuve Egliſe, with its dependencies, and likewiſe the village of Dranoutre; on condition, however, that the Auſtrian territories do not reach within ten toiſes of the high roads from Liſle to Dunkirk. So that all that is within the dependence of Ypres and Warneton, diſtined for a frontier, will be under the dominion of the Empreſs Queen; and all that is within the dependance of Armentieres and Bailoeul, ſpecified as frontier places, will be under the dominion and ſovereignty of the King of France.

Monday was married Captain Macbride of the navy, to Miſs Harriſon, daughter of the late Commodore Harriſon.

It was this morning reported, that a memorial is preparing to be ſent to the court of Madrid relative to the great naval preparations now carrying on in all the dominions of the Spaniſh Monarchy, requiring a categorical anſwer as to its object.

OCTOBER 7. By authentic accounts from Warſaw which arrived yeſterday, we are aſſured that a courier from the Ruſſian army, near Kaminiec, had brought the following important advices to that city, viz. That between the 2d and 3d ult. a body of 8000 Ottomans, compoſed of Janiſſaries and regular cavalry, paſſed the Neiſter over againſt Choczim, and attacked a party of Ruſſians who were encamped at a ſmall diſtance from the river; but prince Repnin with four regiments, having their bayonets fixed, fell upon the Turks, and obliged them to retreat in the utmoſt confuſion. Their loſs killed, wounded and drowned, is eſtimated at 4000 men. Another action, more bloody and important than the laſt mentioned, was fought on the 9th, when the Turks attempting to croſs the Neiſter on three bridges, with a conſiderable part of their army, prince Galitzin attacked them at ſeven in the morning, and, contrary to their uſual cuſtom, the Ottomans making a very obſtinate reſiſtance, the battle laſted till noon, when the latter were ſuddenly routed, and retired with great precipitation. It is ſaid they have loſt 7000 men in this affair, without reckoning their wounded, or thoſe that periſhed in the river. Their army upon this occaſion amounted to 60,000 men at leaſt. In the firſt of theſe combats the Ruſſians took 15 pair of colours from the enemy; and in the ſecond a great quantity of cannon, &c. The number of priſoners is yet unknown. Two couriers were immediately diſpatched to the courts of Berlin and Vienna with this news, which has thrown the Confederates into great conſternation.

At the final cloſing of the poll yeſterday afternoon at Guildhall, the numbers ſtood as follow, viz. Mr. Alderman Beckford, 1976; Mr. Alderman Trecothick, 1911; Sir Henry Bankes, 676.

The Hawke, with Sir John Lindſay on board, and the Stag, ſailed from Spithead on Saturday laſt, with a fair wind for the Eaſt-Indies. The Aurora, Capt. Lee, with the ſupervizors, ſet ſail the day following.

Laſt week died at the South of France, Thomas Trew, Eſq; aged ninety-eight years; he was in Germany all Queen Anne's wars.

PODOLIA, AUGUST 19.

On the 16th of this month the Ruſſian army, commanded by prince Galitzin, quitted the foreſt of Buckeropia, and repaſſed the Neiſter. This foreſt, which is ſituated at ſome diſtance from Choczim, and is famous in hiſtory for the defeat of a Poliſh army by the Tartars, is fifteen leagues in extent. The Turks being informed of this retreat, fell upon the rear-guard, who defended themſelves bravely; but ſuſtained ſome loſs, by reaſon of the numbers that attacked them. On the 17th, a large detachment of Turkiſh cavalry paſſed the Neiſter, and attacked the vanguard of the Ruſſians, commanded by prince Proſorowſki, on the ſide of Harodowoſch. This was a bloody action on both ſides. The ſame day another corps of the Turkiſh army paſſed the river, and had a ſmart ſkirmiſh with the Ruſſians on the ſide of Krackos.

WARSAW, *September* 6. Two regiments of horſe are ordered to hold themſelves in readineſs, to march by the 15th, to eſcort the king on a journey. They are to paſs the Viſtula; but their deſtination is unknown. Major Drewitz has marched with his corps towards Great Poland. Though there are ſtill many of the confederates in the kingdom, we do not, however, hear of any great ravages lately committed by them. The Ruſſians have attacked and defeated prince Martin Lubemirſki, in the diſtrict of Lemberg; they have taken his baggage and artillery. It is ſaid the Ruſſians have ſurrounded all Little Poland. The city of Thorn is inveſted by the confederates, who are poſted on both ſides the Viſtula; whereby the circulation of the poſt is interrupted.

Since the Ruſſians have repaſſed the Nieſter, nothing remarkable have paſſed between them and the Turks; the firſt keep their poſition about a mile from this river. The Turks made an attempt to paſs the Neiſter, but they were repulſed, and what has been reported of the loſs of the Ruſſians upon this occaſion was invented. We are aſſured that the Turks and the Tartars, who had penetrated into Poland, on the ſide of Mohilow, are returned. They have ravaged ſeveral cities and villages, and principally the Nilvod of Reuſſen, ſituated on that ſide. It is ſaid that the Grand Vizir is recalled to Conſtantinople, and that another will be appointed to ſucceed him.

WARSAW, *September* 6. Nothing very material has happened between the Ruſſians and the Turks, ſince the former have repaſſed the Neiſter. We hear that the Tartars who penetrated into Poland by the way of Mohilow have retreated; they have deſtroyed ſeveral towns and villages. It is ſaid the Grand Vizir has been recalled by the Porte, that he will be diſgraced, and another Great Officer ſent to the army in his room.

It is aſſerted, that the Ruſſians have attacked and defeated Prince Martin Lubomirſki, near Lemberg, and taken all his artillery and baggage, Thorn is entirely ſurrounded by the Confederates. The courſe of our poſt is not yet interrupted.

WARSAW, *September* 9. Letters from Podolia mention, that the 4th of this month, a violent cannonading was heard towards the frontiers of Moldavia, by which it is preſumed, the Ottomans had attempted to paſs the Neiſter. The Ruſſians are encamped about a quarter of a league from that river. We are aſſured Count Tottleben is gone, with ſeveral Ruſſian regiments, into Georgia, in order to join the forces under Prince Heraclius, and penetrate into the neighbouring parts of Turkey.

WARSAW, *September* 15. Letters from Kaminiec mention, that ſeveral Pachas have been diſgraced, as well as the Grand Vizir. It is ſaid, that the new Grand Vizir is a man of a bold and enterprizing ſpirit; and that the province of Moldavia is entirely ruined, which will oblige the Turks either to retire, or paſs the Neiſter into Poland, in which caſe a general battle muſt enſue. An expreſs, which left the army on the 6th, confirms the report of the Turks having attempted to croſs the river; and mentions that a loud cannonading was heard near Kaminiec.

BRUSSELS, *September* 25. By a treaty ſigned at Verſailles the 26th of May laſt, the Empreſs Queen and the Moſt Chriſtian King, have thought proper to ſettle in an amicable manner, the various diſputes that had ſubſiſted for many years, with reſpect to the frontiers of the dominions of the ſaid Countries; and to make ſome arrangements, according to the ſpirit of amicable, and for their mutual convenience.

From the Frontiers of Poland, September 8. Letters from Warſaw adviſe, that many extraordinary cabinet-councils are held. It is ſaid a new declaration will be iſſued by the court; and that a *Senatus-Conſilium* will be held. Endeavours are uſed to induce the public to a diet of pacification, to which, it is expected, that two neighbouring powers will accede. It is alſo believed, that there will be a change of circumſtances from the Porte's declaration of war, againſt the king and republic of Poland.

TO BE SOLD, by PUBLIC AUCTION,

On WEDNESDAY *the* THIRD *of* JANUARY *next, if a fair day, and if not, on the firſt fair day following, at* TEN *o'clock in the forenoon preciſely, on the ſpot:*

THE PLANTATION on CHARLES TOWN NECK, formerly belonging to *George Marſhall*, deceaſed, and at preſent unto the ſubſcriber, about three miles diſtant from the ſaid town, containing 150 acres of land (excluſive of marſh) as good in quality, as any in that neighbourhood; bounding northward on land of *Sarah Bullard*; eaſtward on the high road; ſouthward on land of *William Bampfeild*; and weſtward on *Aſhley-River*: about one half of which plantation is cleared, and the whole, as well as ſuch parts thereof, as have been cultivated, are incloſed by ditches, near ſix feet wide, and five feet deep, and ſubſtantial fences.

There is a commodious dwelling houſe thereon, containing ſix large rooms, beſides garrets, lathed and plaſtered, with a piazza, to the ſouthward, 64 feet long, and 10 feet wide, and another to the eaſtward, the ſame width, and 44 feet long; which has been lately new ſhingled, and compleatly repaired, and painted; and a kitchen and overſeer's houſe, united under one roof, juſt erected, at a conſiderable expence: alſo a plain, but profitable garden: and the buildings are placed in an airy, pleaſant, and healthy ſituation, on the ſummit of a hill, from whence the proſpect, up and down *Aſhley-River*, is both agreeable and extenſive.

The advantages to be derived from the employment of a few hands, on the above plantation, to attend and ſupply the Charles-Town market, are obvious; and thoſe advantages may be greatly improved, as there is a landing belonging thereto, adjacent to the houſe, and acceſſible to a boat of 80 barrels; whereby an opportunity will be afforded, to the planter, of a ready communication, by water, with his plantation more remote, and facilitate the conveyance of ſtock, &c. from one, to the other: and alſo another landing, and an eminence, on the ſouth-weſt end of the tract, fronting the river, which, with the particular ſituation of the wood and cleared land, render the above plantation capable of diviſion, into two equal parts.

ALSO,

At the ſame time and place, will be ſold,

THIRTEEN HEAD OF CATTLE, among which are 10 cows, one whereof a remarkable fine one, that has been ſeveral years uſed to the town: a flock of ſheep, lately imported from the northward; and hogs: a chaiſe not much the worſe for wear; ſeveral good chair horſes: a ſmall ſprightly riding horſe, ſuitable for a boy of 10 or 12 years of age: a light, handy, new cart; cart-hoſes; and a variety of plantation tools and utenſils, that have been little uſed.

The purchaſer or purchaſers of any part of the premiſes, to the amount of 1000l. and upwards, may have one, two, or more years credit, paying intereſt, and giving approved ſecurity, if required: and if under 1000l. yet exceeding 100l. credit will be given to the firſt of March next, paying intereſt, and giving ſecurity, as above: but for all ſums under 100l. or to that amount, the caſh will be required: and until theſe conditions are complied with and fulfilled, the property of nothing is to be altered.

Any perſon inclinable, in the mean time, to purchaſe the whole, or any part of the premiſes, at private ſale; or to leaſe the aforeſaid plantation, for a term, not leſs than three years, under proper reſtrictions, may treat with
